

Saxmundham Tennis Club

Online Safety and Communication Policy

October 2021

Saxmundham Tennis Club strives to ensure that all children (anyone under 18) and adults at risk are safeguarded from abuse and have an enjoyable tennis experience.

This document sets out how Saxmundham Tennis Club uses the internet and social media, and the procedures for doing so. It also outlines how we expect staff, coaches, volunteers, players and parents/carers, to behave online and communicate with players.

The principles in this policy apply no matter which current or future technology is used.

The purpose of this policy is to:

- Protect children involved with our organisation and who make use of technology (such as mobile phones, tablets, games consoles and the internet).
- Provide coaches, volunteers and club members with policy and procedure information regarding online safety and inform them how to respond to incidents.
- Ensure Saxmundham Tennis Club operates within the law regarding how we behave online.

We recognise that

- The online world provides everyone with many opportunities; however, it can also present risks and challenges.
- We have a duty to ensure that all children and adults involved in our organisation are protected from potential harm online.
- All children, regardless of age, disability, gender reassignment, race, religion or belief, sex or sexual orientation, have the right to equal protection from all types of harm or abuse.
- Working in partnership with children, their parents, carers, and other organisations is essential in helping them to be responsible in their approach to online safety.

We will seek to keep children and adults safe by

Understanding the safety aspects, including what is acceptable and unacceptable behaviour for coaches, volunteers and all adult and junior club members, when using website, social media, apps and other forms of digital communication.

- Being aware that it doesn't matter what device is being used for digital interaction, but that the same safety aspects apply whether it is a computer, mobile phone or games console.
- When using social media platforms, ensure that we adhere to relevant legislation and good practice.
- Ensuring the person managing our organisation's online presence is suitably trained and experienced.

Managing our online presence

Our online presence through our website or social media platforms will adhere to the following guidelines:

- All social media accounts will be password-protected, and at least two members of staff and/or volunteers will have access to each account and password.
- Social media accounts will be monitored by Matt Last and Jo Davies, who have been appointed by the committee.
- These designated people managing our online presence will seek advice from our Welfare Officer/County Safeguarding Officer and the LTA to advise on safeguarding requirements as required.
- These designated people will remove any inappropriate posts, explaining why, and informing anyone who may be affected (as well as the parents of any children involved).
- Account, page and event settings will be set to 'private' so that only those invited can see their content.
- Social media pages/groups (e.g. Facebook pages/groups) used to communicate with children must be an organization, community or sports group and not personal.
- Identifying details such as a child's home address, school details, telephone number or email will not be posted on social media platforms.
- Any posts or correspondence will be of a professional purpose.
- We will make sure children are aware of who manages our social media accounts and who to contact if they have any concerns about the running of the account.
- Parents will be asked to give their consent for us to communicate with their children through social media, or by any other means of communication.
- Parents will need to give consent for photographs or videos of their child to be posted on social media.
- All of our accounts and email addresses will be appropriate, fit for purpose and only used for club/county specific activities.

What we expect of children

- They should be aware of this policy.
- They should follow the guidelines set out in our acceptable use statement on all devices.

What we expect of parents/carers

- They should be aware of this policy and behave in accordance with it.
- They should seek the advice from our Welfare Officer/County Safeguarding Officer and the LTA if they have any concerns about the use of the internet or social media.

- They should communicate with staff, coaches and volunteers in a professional and appropriate manner.
- They must not engage in sexting, or send pictures or messages that are abusive, obscene, inappropriate, indecent or menacing to anyone.

Using mobile phones or other devices to communicate

When using mobile phone or other devices to communicate, we will take the following precautions to help keep children safe:

- Staff, coaches and volunteers will communicate through parents directly or copy them into all messages to children.
- Where it is necessary to contact children directly, and it is not possible to copy for the parents into the message, we will seek parental consent to do this.
- Messages will be used for professional communication, such as reminders about lesson times, meeting points etc.
- If a child tries to engage a member of staff, coach or volunteer in a conversation which is not of a professional manner (for example, their personal life), the member of staff, coach or volunteer will:
 - end the conversation or not reply
 - inform the Welfare Officer / County Safeguarding Officer as soon as possible and arrange to address the matter with the child and their parents appropriately
 - if the conversation raises safeguarding concerns, notify the LTA as soon as possible

Using mobile phones/devices during activities

So that all children can enjoy and actively take part in tennis activities, we discourage the use of mobile phones/devices. As part of this policy we will:

- Make children aware of how and who to contact if there is an emergency or a change to previously agreed arrangements.
- Inform parents of appropriate times they can contact children who are away on trips.
- Advise parents that it may not be possible to contact children during activities and provide a contact within the club or organisation who will be reachable should there be an emergency.

Mobile phone WhatsApp Messenger Groups

There are various WhatsApp groups to enable club members to communicate with each

other. This is to arrange tennis games, communicate any updates, coaching, and some general advice. Try to keep posts short. Thank you for keeping religious and political views elsewhere.

When using Saxmundham group WhatsApp messenger please consider:

- DO check the facts. Before sending a message, check your facts and make sure they're accurate to avoid undue stress and anxiety.
- DO mimic face-to-face behaviour. Ask yourself "Would I say this or use this tone in person to an acquaintance?"
- DO embrace the mute function as necessary. Muting the chat can reduce the number of messages you receive.
- DON'T shy away from humour – but be careful. Humour is important in challenging times ,but again, be mindful of the members of the group and only use humour which would be appropriate in person – if you wouldn't tell that joke at work, for instance, don't share it in a club WhatsApp group.
