Well, we are seven games in, and it is all to play for!

After a mixed start with two heavy defeats, we have managed to turn our form around and are sitting in third place in Division 6 with Kesgrave ahead of us by two points and firmly in our sights.

Since our opening defeats we have managed two wins, two draws and an inevitable defeat to the league leaders Stowmarket. Our next match is on 24<sup>th</sup> February away at Kesgrave and we hope to gain revenge on their win at our home. Due to the closeness of second place this game is a hotly contested four-pointer so wish us luck!

I am pleased to say that everyone has had at least a game and has thoroughly enjoyed the way the game has been played from a team point of view and also from the friendliness of our competitors.

We do struggle sometimes to put a team together due to work, school and other commitments so if there are any players that want to be on the roll-call please let me know.

Any questions please do not hesitate to contact myself:
